Mrs. Rebecca Huffman Dead.

Mrs. Rebecca Huffman, a native of Bourbon county, died Friday at Paris, Mo., after a lingering illness of stomach trouble. Mrs. Huffman was a daughter of Rozelle P. Stivers, and was born on Strodes Creek, this county, and at the time of her death was 72 years of age. In 1857 she was married to Jacob Huffman, and after the wedding Mr. and Mrs. Huffman located their belongings in a two horse wagon and drove through to Champaign county, Illinois, then a vast expanse of wild prairie country. They were forty-one days making the trip and after their arrival purchased 40 acres of land in Hensley township. In 1892, Mr. Huffman sold his farm and moved to Monroe county, Mo., where he bought 600 acres of land, where he resided till his death, two years ago. Mr. Huffman in 1854-5 conducted for the late John Gaper, who worked a shoe store in this city, and then moved to North Middletown where he was engaged in the shoe business at the time of his marriage. Mrs. Huffman is survived by three sons and one daughter, Messrs. Edward Huffman, of Los Angeles, Cal., W. T. and George Huffman, of Paris, Mo., and Mrs. Sherman Stivers, of this city, who was with her mother when the final summons came. Mrs. Stivers will arrive from Missouri Monday.

The "Pink Tea" Entertainment.

The Grand was comfortably filled Wednesday night by a select audience to witness the performance for the benefit of the Paris Hospital fund. Considering the short time for rehearsals and the inexperience of those participating it was a very creditable performance. The hundred or more little tots acquitted themselves splendidly, and indeed could teach a lesson to some of their companions of more mature years who were inclined to be a little "kittenish." About \$75 was added to the hospital fund.

OPEN PUBLICITY THE BEST

GUARANTY OF MERIT.
When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, as well as by enhancing the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicine is made of. It's free for the asking.

Victory For "Straight Whisky."

Members of the United States Commission on Purity of Food, who have been in session at Lexington for the past few days, practically admitted that the terms to be finally recommended by the commission to the Secretary of Agriculture for use in definitions of whisky will be as follows:

For what has been known as "straight whisky," the word whisky alone will be used and a package so marked shall contain nothing else. A mixture of two or more genuine whiskeys will be called "blended whisky," and any mixture of whisky and neutral spirits, cologne spirits or other spirits and whisky, will be called "a mixture or blend of spirits and whisky." It may be that the recommendation will require that the particular trade name of any spirits used must appear in the label.

Important Addition to Bourbon's Thoroughbred Stallions.

A recent addition to the ranks of thoroughbred stallions of Central Kentucky in the five-year-old imported brown horse Knight Errant, by Trenton, from imp. St. Mildred by St. Simon. He is the property of Mr. Woodford Clay, the prominent young Bourbon county turfman, to whom he was presented during the past summer by Mr. P. J. Dwyer, president of the Brooklyn and Queens County Jockey Clubs and one of the most prominent racing men in the entire country. Knight Errant is a splendid individual, of unusual size and substance, and on breeding and individuality should make a first class sire.

In connection with his two brothers, Mr. Woodford Clay has a select band of some fifteen mares. They are at the farm of E. F. Clay, Jr., just across the pike from the renowned Runnymede establishment of Col. E. F. Clay, which has given the turf such performers as Hanover, Hindoo, Sir Dixon, Miss Woodford and Ben Brush. Several of these mares will be sent to the court of Knight Errant next spring and Mr. Clay will also present seasons to a number of his friends among the prominent breeders of this section.

Young Men's Day.

The annual Y. M. C. A. day was observed in this city Sunday. Secretaries of the Association filled the pulpits in the various churches. Secretary Thos. Johnson, of Lexington, filled the pulpit at the Christian Church in the place of President J. C. Acheson, of Danville, who was detained at home on account of illness. Prof. Geo. W. Chapman, of this city, and Pastor Strother, spoke at the Methodist Church. Mr. T. B. Lenehan, of Harrodsburg, County Secretary for Mercer county, was at the Baptist Church. Mr. J. H. Anderson, of Louisville, member of the State Executive Board, spoke at the First Presbyterian Church, and State Secretary Henry E. Rosevear, of Louisville, at the Second Presbyterian Church. There were union services in the evening at the Methodist Church, where the above out-of-town speakers made short addresses.

In the afternoon, at 3 o'clock, Dr. J. A. Stucky, of Lexington, delivered an address, taking for his subject, "The Prodigal Daughter." About 300 men and boys listened attentively to the address. Dr. Stucky is a fine speaker and throughout his address he pleaded for justice for the prodigal daughter. He said the laws of the State and the laws of God put man and woman upon the same plain, but the laws of society was different. There was forgiveness for the prodigal son, but no forgiveness for the prodigal daughter, that society forced her to continue in her sin. The many truisms in the Doctor's remarks is bound to do good, and such addresses are calculated to touch the hearts of men.

What Are the Greatest Songs?

The New York Herald recently commented on the question "What are the greatest songs?"—songs that have stirred the human heart, songs whose rhythm and melody are for all time? Many views were advanced by the various readers but by almost unanimous consent the following were the songs that were entitled to that distinction and voted to an exalted position in the "Hall of Fame": "The Star Spangled Banner," "The Marseillaise," "Die Wacht Am Rhein," "Song of the Evening Star" from Tannhauser, "The Lost Chord," "Die Meistersinger," "Old Black Joe," "Miserere" from "Il Trovatore," "God Save the Queen," and "Dixie." These immortal melodies, together with all the patriotic national anthems, ballads and coon songs, and "Varsity Class Songs," will be rendered in the magnificent program which the "Dandy Dixie Minstrels" announce for Friday night.

Increases Their Value.

The Winchester Democrat says: "Dogs, even the most reprehensible curs, are very intelligent beings. Whenever they start out to kill sheep they never fail to kill the most valuable. At least such are the conclusions we arrive at when we find these dogs sheep appraised according to the new dog law. For instance, a lot of sheep were killed last week in Bourbon county and were appraised at \$6.25 per hundred pounds. That same week a lot of extra fat Christmas weathers sold for five cents. Why is it that a sheep when killed by dogs is so much more valuable than ever before? An anecdote will illustrate the case in point. A railroad engineer wandered into a farmers' meeting and sat down. The question under consideration was the crossing of cattle breeds for profit. The President finally asked his opinion and he promptly answered that so far as his observation extended nothing increased the value of a cow so much as to cross her with a locomotive."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address:

They Are Mistaken.

Some farmers think the very large one-ear-to-the-stalk corn will produce more grain than two medium ears to one stalk, says the Southern Agriculturist. They are mistaken. Big one-ear-to-the-stalk is not the thing; two well-filled medium ears per stalk is the true system for producing the most grain per acre. The Agriculturist last fall advised going through the field and selecting the two-ear-corn for seed. The two ear seed corn will produce five or more bushels per acre more than seed from the one ear large corn.

War Talk Ridiculous.

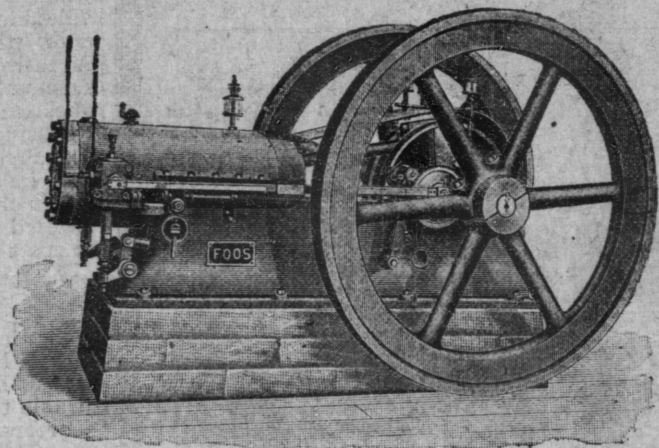

After reviewing the amicable relations long existing between the United States and Japan, Viscount, Oaki, the Japanese Ambassador, Saturday night declared that his people were fully alive to the magnitude of Japan's obligations to this country, the memory of which would be a lasting monument of cordial friendship that cements the two nations.

"Eastern Asia," said he, "is large enough for the commerce of all the nations and the dream of the pessimist who saw the phantom of a struggle between the United States and Japan for the supremacy of the Pacific was too ridiculous to be made a subject of serious thought." Ambassador Aoki was the guest of honor at a dinner of the American Asiatic Association in New York.

In presenting the first toast "The President," President James R. Morse, of the Association, referred to President Roosevelt's praise in his message of the Japanese, and to the kindly service rendered to the promotion of good feeling between the two great nations bound to each other by ties of mutual interest, no less than by their established friendship.

FOOS GAS AND GASOLINE ENGINES

Last longer and give better service than any engine on the market. Why? Because only the best material and workmanship that money can buy are used in their construction. They are the most accessible, simplest and easiest to operate of any engine sold today.

A few of the superior points are: The governor, with which you can change the speed while running. Economy of fuel, due to the construction of the valves and positive action of the governor. The igniter, which makes a spark one-half inch long: will start the engine on the first turn and is guaranteed not to foul. The balance weights on the crank shaft instead of on the fly wheels, which insure steady running and minimum of wear on the bearings. The lubricating system, and lots of others that we will tell you about if you will just give us a chance. We have samples on the floor and can give you a demonstration any time.

The house was beautifully illuminated, the color scheme green and white. In the receiving line were Miss Mattie McIntyre, Mrs. W. D. McIntyre, Miss Sallie McIntyre and Mrs. David Hood, the latter from Nepton. The most delicious teas were served in the family room and refreshments consisting of ices, cakes and mints were daintily served in the dining room. In the dining room, the groom Mr. W. D. McIntyre, and his venerable father, C. W. McIntyre, were the only gentlemen present and each pressed the hand of every lady as they passed into the dining room. The occasion was one of much pleasure and all were pleased with the bride.

Jett Confesses to Killing of Cock-rell.

Curt Jett, in a calm and deliberate manner, made the following confession on the witness stand at Cynthia's yesterday:

"I lied in my former trial, and would have lied this time had not my attorney, Mac Swinford, advised me to tell the truth. I shot Cockrell from the second story of the Court House with a 35-Cal's. I fired six shots. It was a race between him and me as to which should die first and I got the drop on him. Two weeks before, I had shot at him twice at the Arlington Hotel. Nobody was in the Court House with me when I fired the shots. I did not see Smith, Alner, Britton or Elbert Hargis that day. I ran down the back stairs and make my escape. All the witnesses lied about this except Capt. Patrick."

"Gwan!" replied Sprake, "I ain't got no \$50,000 to invest in the business."

State Has Power to Fix Rates.

In the case of the Alabama & Mississippi Railroad Company vs. the Mississippi Railroad Commission, the Supreme Court of the United States rendered a decision Tuesday in support of the contentions of the State. The case involved the right of the commission to fix a flat rate of 33 cents per mile per hundred pounds on carload lots of grain from Vicksburg to Meridian, both in Mississippi.

The water rate at Vicksburg figured in the case, but the action of the commission in making the rate was based upon the allegation that the Vicksburg road was in the habit of giving that figure to partons who also gave their business to the Shreveport & Pacific road, an alleged concern, while the rate to other patrons was ten cents per hundred.

The Mississippi Supreme Court sustained the action of the Commission, and that finding was upheld by this decision. The opinion of the court was handed down by Justice Brewer.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs of contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.

The Courteous Way.

"I was stopping with a Mississippi
planter for a few days," said the
Colonel, "and one afternoon I fell
asleep in a hammock on the veranda.
I had slept for more than an hour when
heard the step of the planter and a
minute later he stood over me and
said:

"Kurnel, would yo' oblige me by
waking up?"

"Certainly," I replied, as I roused
up.

"And now would you oblige me by
walking around to the rear of the
house?"

"He walked with me, and I noticed
that the sky was growing dark and
that there was a peculiar looking cloud
in the southwest. In the rear of the
house was what I took for an outdoor
cellar, but when we reached it the
planter pointed and said:

"And now if yo' will kindly enter
our cyclone-proof cellar I shall esteem
it a great favor."

"I entered, to find all the family
there, and two minutes later a cyclone
came whirling along, unroofed the
house and tore up several trees one
hundred years old. I always wonder
why the planter didn't yell at me
and swear, but his way was the gentle
and courteous way."

Barred From School.

The Board of Health of Portsmouth,
O., has created somewhat of a sensa-
tion by adopting resolutions barring
consumptive children from attending
school. Every child will be compelled
to undergo a rigid examination, and if
a trace of pulmonary trouble is dis-
covered the child will be denied the
privilege of attending school. The
Board started a general crusade against
the white plague. The action is caus-
ing widespread discussion.

A GOOD NIGHT'S REST

"Speak for it!" she cried to doggie,
For she knew in her little heart
That German Syrup, home's great treasure
Could health and joy impart.

"The greatest tonic on earth is a good
night's rest. Restless nights and the ter-
rible exhaustion of a hacking cough are
dread dangers of the poor consumptive.
But why this fear of the night when a
few doses of Dr. Boschee's German Syrup
will insure refreshing sleep, entirely free
from cough or night sweat? Free ex-
pectoriation in the morning is some cer-
tain by taking German Syrup.

"We know by the experience of over
thirty-five years that one 75-cent bottle of
German Syrup will speedily relieve or
cure the worst coughs, colds, bronchial
or lung troubles—and that, even in bad
cases of consumption, one large bottle of
German Syrup will work wonders.
Two sizes, 25c and 75c. All druggists.

Huge Task.

It was a huge task to undertake the
cure of such a bad case of kidney dis-
ease, as that of C. F. Collier, of Cher-
okee, Iowa, who Electric Bitters did
it. He writes: "My kidneys were so
far gone, I could not sit on a chair
without a cushion; and suffered from
dreadful backache, headache and de-
pression. In Electric Bitters, how-
ever, I found a cure, and by them
was restored to perfect health. I
recommend this great tonic medicine
to all with weak kidneys, liver or
stomach." Guaranteed by Oberdor-
fer, the druggist. Price 50c.
